# What is an Emergency/ Temporary/Permanent nanny?

An **emergency nanny** offers parents peace of mind by stepping in at short notice when the unexpected happens. Whether your regular childcare falls through, nursery or school is closed, or you face a last-minute work commitment, this flexible support ensures your child is cared for by a trusted professional - giving you peace of mind during those unforeseen moments.

A **temporary nanny** offers families reliable, consistent childcare for a set period, from a few days to 12 weeks. Perfect for school holidays, while securing a permanent nanny, or during times when extra support is needed, a temporary nanny provides stability and routine, ensuring children are cared for by a trusted professional during short-term needs.

A **permanent nanny** offers your child stability, consistency, and a trusted presence in their daily life. A permanent nanny provides peace of mind and allows you to balance work and family life, knowing your child is in safe, reliable, and professional hands.

# TESTIMONIALS

“Really personable and friendly. was on time and really made effort to get to know my son and played with him throughout the day.”

-Parent

“The nanny arrived early and I showed her around, she asked relevant questions and went about the day. Kids were happy and she was very lovely. Would book her again.”

-Parent

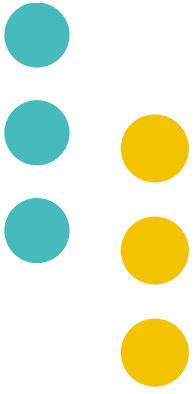

“The nanny was absolutely fantastic. She cared very well for my 5 month old daughter and I was confident about her being looked after while I did my KIT day. I plan to schedule more KIT days to connect with work while she looks after my daughter”

-Parent

I loved how the nanny quickly engaged with the children in a very natural and warm manner. She was able to create a trustworthy relationship with my child, which considering his age, is to be applauded
